The Beams are Creaking

The Episcopal Church of the Good Shepherd wishes to invite the Silver City community to our Easter Holy Week Special Services:

Members of the Episcopal Church of the Good Shepherd, Silver City United Church of Christ, Unitarian Universalist Fellowship, and 1st Presbyterian Church are collaborating to present a unique, out of the box Good Friday offering - a staged reading of "The Beams are Creaking" by Douglas Anderson. Part political thriller, part love story, the story follows Christian martyr Deitrich Boenhoffer. As a German pastor in WW2, he formed the Emergency Pastor's League as part of the resistance movement against the Nazi movement, he was part of a plot to assassinate Hitler, was captured and ultimately executed. It is a deeply moving and compelling piece of theatre.
